

9/16/08

Dear Mr. McLaren-

Thank you for coming to our school to show us science. It was very interesting and exciting to see all of your demonstrations. We loved seeing the air pressure experiment where the cup was full of water and tipped upside down over a student's head. We thought she might get wet. What a cool trick! We loved learning about science. Thanks again!

From,
Mrs. Tolbert's Class
